III. PARTIES' POSITIONS

1. Requestor: Letter dated 06/10/02
"The reason code 01999 is being used is that it correctly identifies the anesthetic technique, as well as, the surgical approach when one is performing a lumbar facet injection. The technique involved in performing a facet injection, both from the anesthetic standpoint as well as from the technical standpoint, is identical to the approach and technique used for a lumbar discogram....The entry points to the facet and/or the disc is identified with the fluoroscope. This area then is anaesthetized with local anesthetic....the patient is given intravenous anesthetic agents to sedate the patient.

Both procedures are done with the patient awake, but under sedation....The approaches and anesthetic techniques are identical....this is the code that appropriately identifies the amount of work done and is the most correct code for the anesthetic portion of the facet procedure.”

2. Respondent: Letter dated 06/20/02
“We have not received any TWCC 60s or any other information for the requestor in regards to this dispute.”

IV. FINDINGS

1. Based on Commission Rule 133.307(d) (1) (2), the only date of service eligible for review is 01/08/02.
2. Per the provider’s TWCC-60, the amount billed is \$200.00; the amount paid is \$80.00; the amount in dispute is \$120.00.
3. The carrier denied the additional reimbursement amount by code, “F – REDUCTION ACCORDING TO MEDICAL FEE GUIDELINE.”
4. In the initial medical dispute submitted by the provider dated 03/20/02 is a copy of a fax transaction report confirming that a TWCC-60 was sent to the insurance carrier on 03/20/02.
5. The following table identifies the disputed services and Medical Review Division's rationale:

DOS	CPT CODE	BILLED	PAID	EOB Denial Codes	MARS	REFERENCE	RATIONALE:
01/08/01	01999	\$200.00	\$80.00	F	DOP	MFG AGR (A); CPT descriptor	MFG AGR (A) states, “Anesthesia care may include but is not limited to general, regional, or monitored anesthesia care, supplementation of local anesthesia, or other supportive services in order to afford the patient the anesthesia care deemed optimal by the anesthesiologist or...(CRNA) during any procedure.” The medical documentation indicates the service was rendered as billed. Additional reimbursement in the amount of \$120.00 is recommended.
Totals		\$200.00	\$80.00				The Requestor is entitled to additional reimbursement in the amount of \$120.00.
